WHO ARE WE?

Anthem Pets Inc., A 501-C-3 Animal advocacy group here in the North Valley. For the past three plus years we have given our all to the area. While many people think we are funded by the community, **WE ARE NOT**. Yes we did ask for a donation to help with expenses in dealing with lost and found animals. Be we were denied by the **Community Council of Anthem**.

Yes, we can use some donations to help with medical bills, spay/neuters, phone bills, and foster care (just to name a few). But what we really need is for you to partner with us! We need **you** to help **your** community and the animals. We have been working diligently in **your** community in any way we can, even paying for expenses out of our own pockets. The animals we have helped and will continue to help in the future need **you** and **thank you** for anything you can do.

If you appreciate what we do, please help us. You can visit our website at www.anthempets.com to read about who we are and what we do. You can also see some of the pets we have helped and need help.
